

Ford 2017 MUSTANG

MUSTANG

MORE FOR ALL.

North America's legendary Pony car hits the pavement running with a full lineup of forward-leaning, hard-charging machines. Fastback. Convertible. V6. EcoBoost® GT. Get into yours. And get gone.

GT

5.0L Ti-VCT V8

435 hp @ 6,500 rpm¹
400 lb.-ft. of torque @ 4,250 rpm¹
6-speed manual or 6-speed SelectShift[®] automatic²

Our fastest and best-handling GT yet – this generation speaks for itself. In a wickedly deep-throated 5.0L rumble. It also pulls 0.98 lateral g³ thanks in part to its fully independent suspension. The system has nearly 10 times better anti-lift properties than the one it replaced, providing significantly better pitch control for aggressive starts and stops.

California Special GT Premium fastback in Race Red with available equipment. ¹Horsepower and torque ratings achieved with 93-octane fuel. ²Available feature. ³Mustang GT with GT Performance Package figures based on internal Ford testing data.

GT

Designed by Ford Performance in cooperation with RECARO®, the racing-inspired RECARO sport front seats¹ are trimmed in cloth on GT (shown) or leather on GT Premium.

Advanced driver-assist technologies like adaptive cruise control and forward collision warning with brake support,¹ and BLIS® (Blind Spot Information System) with cross-traffic alert^{1,2} can help you excel during real-world challenges.

Turn up the heat everywhere you go in a California Special¹ GT Premium. Outside, it gets a performance air splitter, black grilles, the tri-bar Pony logo, a raised decklid spoiler, unique striping and 19" wheels. Inside, red stitching intensifies its Ebony leather and Miko® sueded cloth trim.

The aviation-inspired cockpit design puts the controls for features like the heated and cooled front seats,¹ and dual-zone electronic automatic temperature control¹ easily within reach.

ECOBOOST®

2.3L ECOBOOST

Turbocharged responsiveness. That's the essence of EcoBoost. With its twin-scroll single turbocharger and direct-injection technology, the 2.3L EcoBoost engine helps Mustang deliver best-in-class³ 4-cylinder horsepower and torque.¹

Going way beyond good looks, those vertical slots at the outer edges of the front fascia are wheel aero curtains – specifically designed to create a high-pressure region that holds airflow closer to the body and minimizes drag. One of the many telltale signs that every Mustang is built for speed.

310 hp @ 5,500 rpm¹
320 lb.-ft. of torque @ 3,000 rpm¹
6-speed manual or 6-speed SelectShift® automatic²

EcoBoost Premium convertible in Magnetic Metallic with Pony Package. Leather-trimmed interior in Dark Saddle.
¹Horsepower and torque ratings achieved with 93-octane fuel. ²Available feature. ³Class is High-Power Sports Cars based on Ford segmentation.

300 hp @ 6,500 rpm
280 lb.-ft. of torque @ 4,000 rpm
6-speed manual or 6-speed SelectShift® automatic!

V6

3.7L Ti-VCT

Whether your dream machine is an iconic fastback or an eye-catching droptop, you can look forward to the passionate performance of the 3.7L Ti-VCT V6 engine. Excellent road feel and precise handling are yours, courtesy of its fully independent suspension. With a double-ball-joint front configuration, and high-strength aluminum-alloy knuckles and H-arms in back, it employs advanced lightweight materials to help keep unsprung mass down while maximizing grip. So you'll have a blast putting your Mustang through its paces.

V6 fastback in Triple Yellow Tri-coat with available equipment. *Available feature.

GO CONVERTIBLE

Go topless in seconds. You just release a latch and press a button. To perfect its look, Mustang convertible sports exclusive design cues that set it apart from the fastback. Note the higher, straighter muscle line across its rear haunches. And the distinctively contoured trunk lid. Tonneau caps slide neatly in place for a sleek top-down finish. It even has best-in-class trunk space. And since this vacation-on-wheels was engineered as a convertible from the start, it's designed to deliver a smooth ride and excellent handling. This is open-air freedom at its best.

READY SET GO

DROP IN. REV UP.

Nothing compares to this rush. It's pure magic. The kind conjured only by Mustang. Its carefully crafted interior welcomes all drivers. With a steering column that tilts and telescopes. An accelerator and footrest at matching angles. A shifter placed right where it should be for open access to controls (and cupholders). And plenty of knee room. This is a love-at-first-sight, want-you-so-bad, feels-so-good kind of car. One drive. And you're hooked.

GT Premium convertible in Magnetic Metallic with available equipment. Leather-trimmed interior in Dark Saddle.

Wherever Mustang takes you, SYNC® 3^{1,2} helps keep you in touch. In addition to all the voice-activated benefits of the base SYNC system – placing and answering calls, and controlling music from your USB or smartphone – you'll love the innovative features and intuitive interface of SYNC 3.

An 8" colour LCD screen displays the phone, audio and navigation¹ features of SYNC 3. Enhanced voice recognition lets you give simple commands and the system responds to your voice. A capacitive touchscreen with convenient swipe feature delivers high-speed performance, as well as pinch-to-zoom functionality within navigation.¹

 **SYNC AppLink**

Use your voice to control select compatible mobile apps, thanks to standard SYNC AppLink.^{TM3}

**Siri Seamless Integration**

Bring the power of Siri® into Mustang with Siri Eyes Free,⁴ your paired iPhone® and a long press of the voice recognition button on the steering wheel.

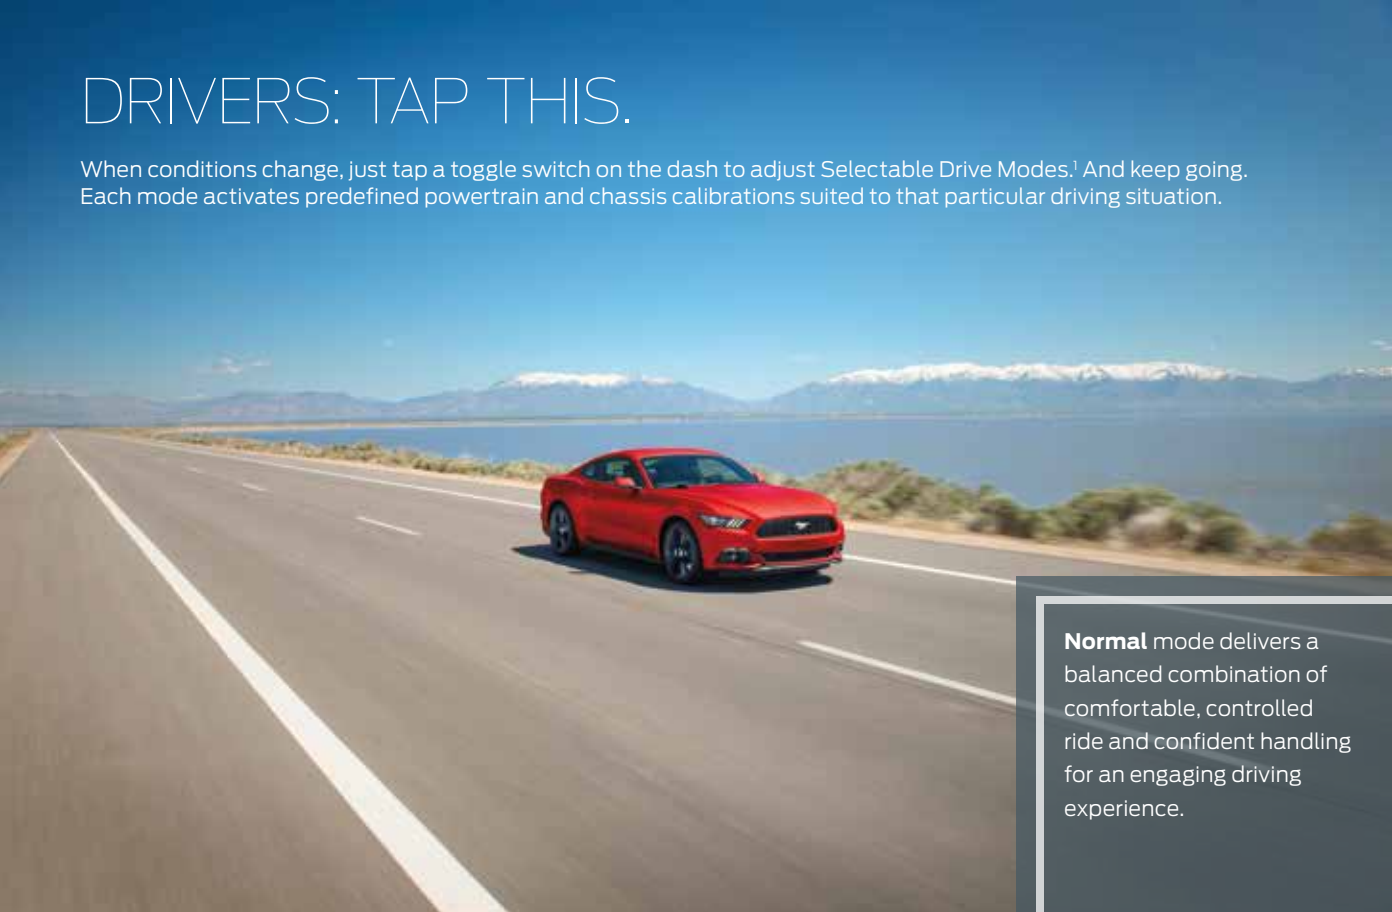

**Automatic Updates Over Wi-Fi**

Keep SYNC 3 current with the latest software as new updates become available.⁵ All you need is a Wi-Fi® connection.

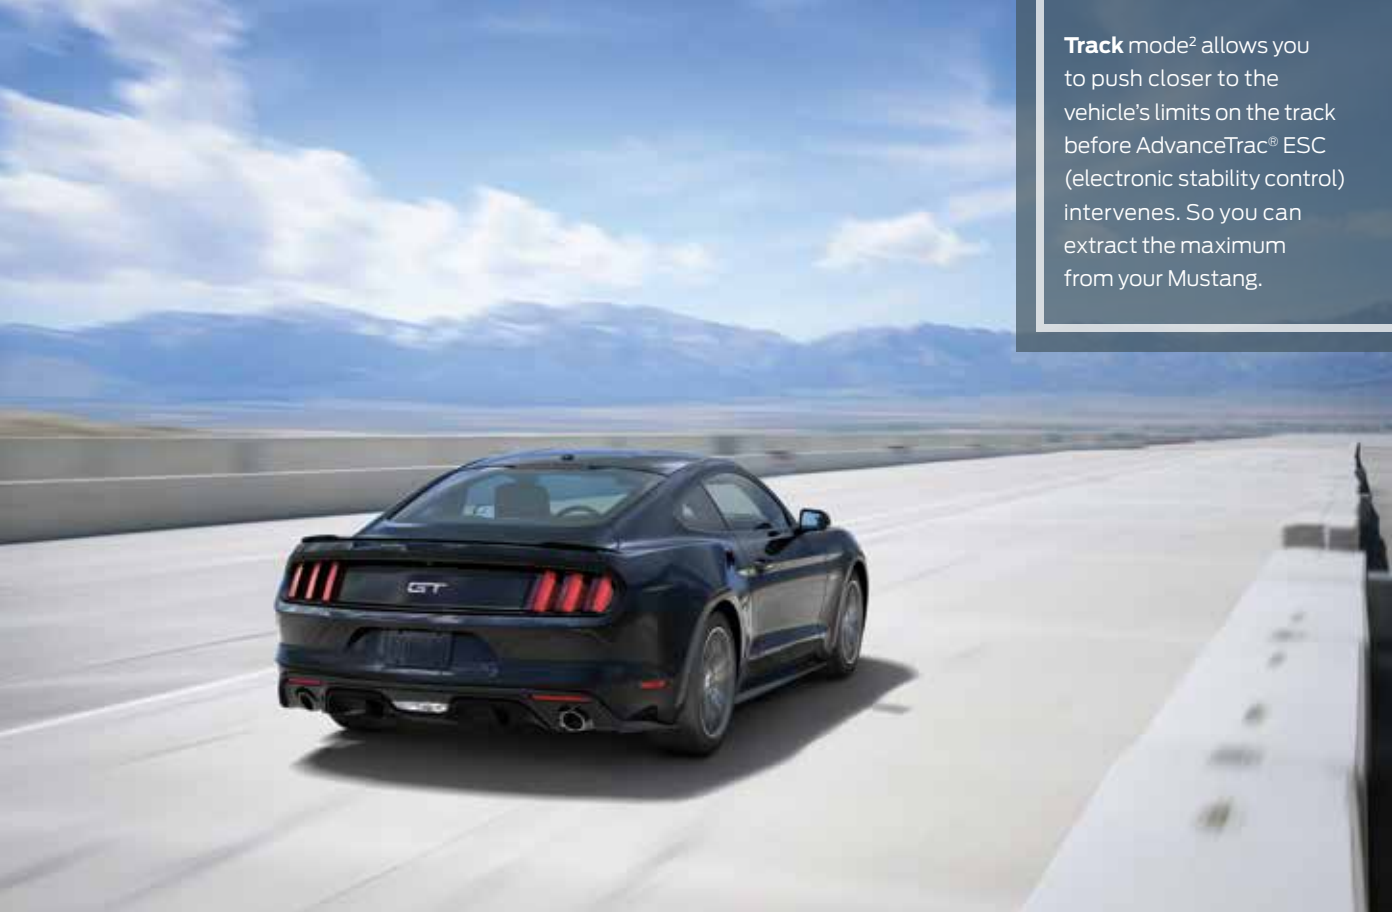

California Special GT Premium fastback with available equipment. Leather-trimmed interior in Ebony with Miko® sueded cloth inserts. ¹Available feature. ²Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. SYNC voice recognition and screens available in English, French and Spanish. ³SYNC AppLink is compatible with select smartphone platforms and requires compatible apps to be installed and running on a capable smartphone while connected to SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. ⁴Requires SYNC 3. ⁵Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply.

DRIVERS: TAP THIS.

When conditions change, just tap a toggle switch on the dash to adjust Selectable Drive Modes.¹ And keep going. Each mode activates predefined powertrain and chassis calibrations suited to that particular driving situation.

<p>Normal mode delivers a balanced combination of comfortable, controlled ride and confident handling for an engaging driving experience.</p>	<p>Sport+ mode provides more responsive steering and throttle performance, plus different shift points if your Mustang is equipped with the SelectShift[®] automatic transmission.</p>
<p>Track mode² allows you to push closer to the vehicle's limits on the track before AdvanceTrac[®] ESC (electronic stability control) intervenes. So you can extract the maximum from your Mustang.</p>	<p>Snow/Wet mode helps provide confident handling in poor weather conditions without sacrificing any of the composure you demand from your vehicle.</p>

¹Available feature. ²Track use only.

TRACK TIME

OUTRUN THE BOSS.

While developing the GT Performance Package^{1,2} for Mustang GT, engineers used the previous generation's Boss® 302 model as their performance benchmark – this race-ready machine is even faster around the track.

Performance Packages ¹
Unique 19" wheels and summer-only tires ³ ; larger brake rotors and radiator; upgraded front springs, rear axle and rear sway bar; unique chassis, EPAS, ABS and stability control tuning; spoiler delete; Gauge Pack; and Engine Turn aluminum instrument panel trim (GT and EcoBoost®)
K-brace and strut-tower brace (GT)
Brembo™ 6-piston front brake calipers (GT)
4-piston brake calipers (EcoBoost)

Mustang TrackApps ⁴
Countdown starts with iconic “Christmas tree”
Monitors g-forces, braking times and acceleration times in quarter-mile, 0–60 mph and more

Electronic Line-Lock ^{1,4} (GT)
Preps your tires for the big win
Activated using Mustang TrackApps™ ⁴

Selectable-Effort Electric Power-Assisted Steering
Customizes steering feedback
Lets you choose Standard, Sport or Comfort mode

GT Premium fastback in Race Red with GT Performance Package and available equipment. ¹Available feature. ²Manual transmission only. ³Ford does not recommend using summer tires when temperatures drop to approximately 7°C or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or winter tires. ⁴Track use only.

ROCK THE COCKPIT.

Amazing sound is yours with the 12-speaker Shaker™ Pro Audio System.¹ And whenever you roam, SiriusXM[®] lets you listen to your favourites all across Canada. Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment. Plus listen anywhere online and on the SiriusXM app.²

GO BEYOND STOCK.

When you're ready to take your Mustang to the next level, look no further than Ford Performance Parts. Using a convenient Mustang search tool on the site, you can select your model year to view the full list of currently available equipment.

You'll find everything from brakes to a supercharger, suspension, wheels and more. All expertly engineered to set your Mustang apart.

Learn more at fordperformance.com³

GT Premium fastback in Race Red. Leather-trimmed interior in Ebony. ¹Available feature. ²SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca. Data rates may apply. ³Website is operated by Ford Motor Company and only available in English.

STANDARD FEATURES

Mechanical

Brakes – 4-wheel vented disc Anti-Lock Brake System (ABS)

Steering – Selectable-effort electric power-assisted (Standard, Sport, Comfort)

Suspension – Front: independent double-ball-joint MacPherson strut with stabilizer bar; rear: independent integral link with stabilizer bar

Tire inflator and sealant kit¹

Driver-Assist Technology

Headlights – Automatic with wiper activation

Seating

Front – Bucket seats

Rear – 50/50 split-fold (fastback only)

Interior

Console – Full centre floor with storage bin

Cruise control

Flooring – Carpeted front floor mats

Ignition – Intelligent Access with push-button start

Illuminated, locking glove compartment

Power outlets – 12-volt powerpoints (2)

Steering column – Tilt/telescoping

Steering wheel – Cruise, audio and 5-way controls

Sunglasses storage bin

TrackApps™ located in instrument cluster

Visors – Driver and front-passenger with illuminated vanity mirrors

Windows – Power with global open and one-touch-up/-down feature

Exterior

Daytime running lights (LED foglights)

Easy Fuel® capless fuel filler

Embedded radio antenna (fastback only)

Rear-window defroster

Tail lights – LED with sequential turn signals

Tonneau caps (convertible only)

Windshield wipers – Variable-intermittent

Safety & Security

Airbags – Personal Safety System™ with dual-stage front²

Airbag – Driver’s knee²

Airbags – Front-seat side²

Airbag – Glove-box-door-integrated knee²

Airbags – Side-curtain airbags² (fastback only)

4-way adjustable front head restraints

AdvanceTrac® ESC (electronic stability control)

Belt-Minder™ front safety belt reminder

Headlights – HID with LED signature lighting

Illuminated Entry System

Individual Tire Pressure Monitoring System (excludes available spare)

LATCH – Lower Anchors and Tether Anchors for Children

Mirror – Auto-dimming rearview

MyKey®

Perimeter alarm

Rear view camera

Remote Keyless Entry System

Safety belt restraint system – Manual 3-point shoulder and lap safety belt system for all seating positions

SecuriLock® Passive Anti-Theft Engine Immobilizer System

SOS Post-Crash Alert System™

Ford Protect plans. Help protect your investment and add to your peace of mind by complementing your vehicle purchase or lease with a Ford Protect plan. Ford Protect offers you protection against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your Ford Protect plan with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus eight wear items. Ask your dealer for a Ford Protect plan, the only service contract backed exclusively by Ford and honoured at all Ford Lincoln dealerships.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your local Ford of Canada Dealer for details or check us out at fordcredit.ca.

Ford Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 3-year/60,000-km New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer's warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Ford of Canada Dealer for details and/or a copy of all limited warranties.
